

Hello supporters of the LIMLF Wheelchair Lacrosse team !

2019 was a great year for our program. We had some great winter scrimmages against our friends from the Long Island Lacrosse community. In August, we hosted the WLUSA National Championships at Skate Safe in Old Bethpage (thank you Skate Safe !). We finished ranked in the top 10 in the country ... thanks to all of your help in the past, we are working to build this program up.

In light of the current issues and in accordance with current regional COVID-19 safety recommendations, we have decided to postpone this Saturday's wheelchair lacrosse event. The date with St. Dominic's will be made up at a later date TBD.
